Director's Choice

Hercules with Fireworks II
Our Gallery
Director, Hercules is
reflecting on 'Fireworks II' by
Will & Caro. This piece
represents the amazing life
journey surrounding oneself.
It is the combination of our life
with friends, family, strangers
we meet that create such an
amazing life.
This wonderful work is part of
the 'traffic stopper sale'.

Worlds Apart...
"Painting is a form of
incarnation. It is spirit made
manifest in the world."
