**Karen Farmer**

We are very excited to have Sydney Artist **Karen Farmer** join us.

*"I love urban art and I live in an ever-changing environment of graffiti and street art, sometimes gone the next day due to the city buffers, or added to brilliantly by another late night creative. I also love that graffiti writers are artistically-driven rebels, capable of creating a social identity through their voice by belligerently creating their own creative mark, and generating a voice through their work.*

*With my latest series of paintings I have tried to capture and document the street art... not through photography as that is too easy and throwaway, but through oil painting."* Karen Farmer

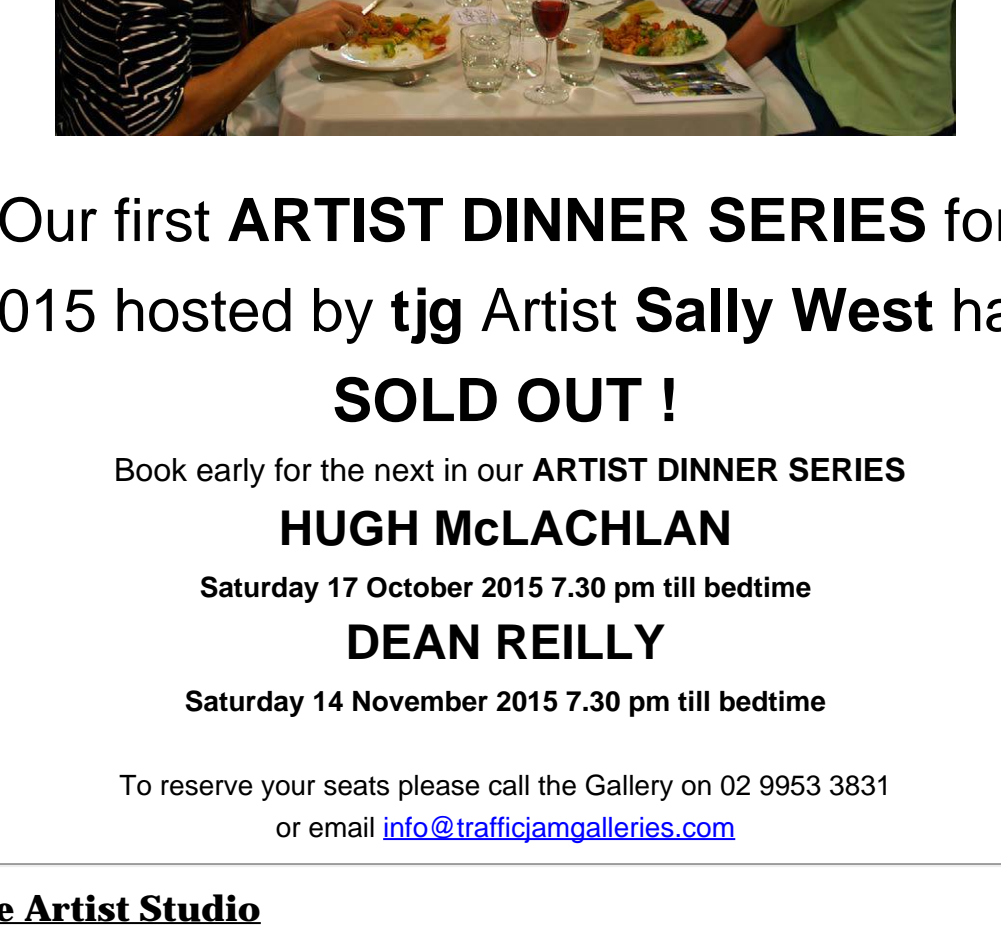

Karen Farmer *May Lane*

Oil on Canvas 142 x 191 cm \$ 5,500.00

The following is Sally West's Artist Statement for 'The Tractor - Plein Air'

*"I grew up on 'Belleforest', a sheep and mostly wheat farm, in Central NSW. I regularly go there to see family and paint. This is my brother's Case - Steiger tractor, a 500 horse power prime mover, pulling an impressive 50 foot wide DBS planter (seeder) and seed cart. This unit seeds wheat, canola, barley, oats and the like and seeds up to 15,000 acres per season. When I painted this my brother was about to start sowing, the tractor was sitting over at the sheds waiting to be maintained and checked by him in preparation for the long hours of sowing that lay ahead."*
