

NEW WORK

Starr

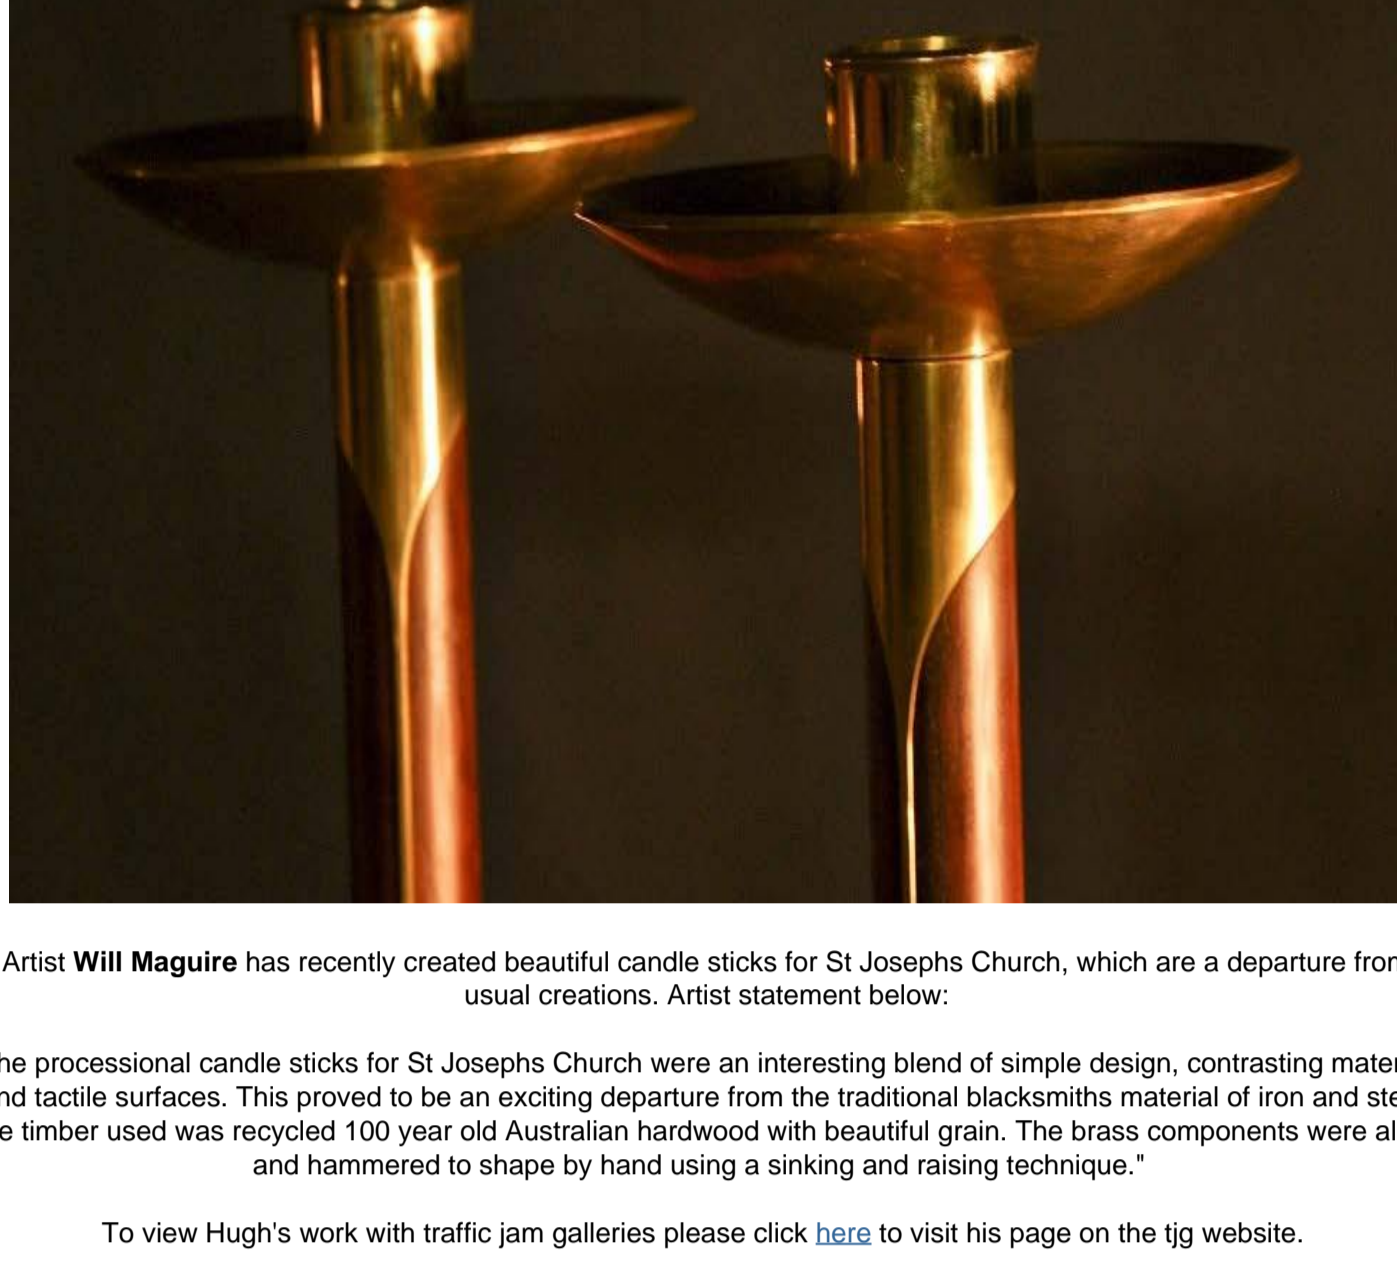

tjg are delighted to be receiving more of Starr's ballerina pieces. These fluid and emotive works will be in the gallery shortly.

Starr's paintings explore the warmth and passion of her life as an artist, responding to intense experiences of the abundant light in the Australian landscape and the sensuous potential of the human form. Her nude works and ballerinas exude the sensual potential of the human form and the seductive allure that is inherent in all women, revealing just a hint of mystery behind their iconic one eye.

ARTIST NEWS

Will Maguire Candle Sticks for St Josephs Church

tjg Artist **Will Maguire** has recently created beautiful candle sticks for St Josephs Church, which are a departure from his usual creations. Artist statement below:

"The processional candle sticks for St Josephs Church were an interesting blend of simple design, contrasting materials and tactile surfaces. This proved to be an exciting departure from the traditional blacksmiths material of iron and steel. The timber used was recycled 100 year old Australian hardwood with beautiful grain. The brass components were all cut and hammered to shape by hand using a sinking and raising technique."
